

About the Program

Our talented multilingual team develops culturally competent focused health education content.

We aim to empower community members by addressing issues of health literacy and medical misinformation in order to improve health outcomes.

Who we serve

We host educational workshops at libraries, churches, and other community venues for children, adults and seniors from all around the world.

Our Partners

We collaborate with interdisciplinary team members within the organizations and community partners for public health initiatives offering educational workshops and guidance on how to incorporate health literacy and culturally competent messaging for community engagement.

Services Provided

- Bi-lingual workshops and Interactive activities for different health topics.
- Developing educational content like handouts, infographics, presentations or toolkits in multiple languages and easy-to-understand formats.
- Programs based on the needs of the community we are serving.

Topics

The list of Health Education workshops are being offered for free by NSC. These classes are to promote and raise awareness on health-related topics that you may be interested in learning more. We individualize every class depending on the needs of the community.

These are some examples:

- Nutrition
- Diabetes and Complications
- Mental Health and Conditions
- Cardiovascular Health and Diseases
- Vaccines and Immunizations
- Cancer
- Women's health
- Men's health
- Children and Adolescent health
- Other

Since 2020, we've provided Educational workshops to

6,650 +

participants!!!

What our community says about us?

"I feel so blessed for all the attention you gave us in the Diabetes program, and all the instructions you gave us to take care of our sickness mainly my Diabetes".
~ALG

"Program helped me learn how to live with diabetes, how to eat, the importance of exercising, and changing habits".
~JE

"I feel very blessed to be able to experience an opportunity like this. It has been able to teach me information that I did not know about before and that I will be able to take with me for the rest of my life."
~JEM
